Using evidence to support our claims practice

<https://www.youtube.com/watch?v=cOB4sRJTOco>

Directions: Read the article *Sierra-at-Tahoe, California* by Annie Fast and answer the following questions. Please use evidence to support your claims when necessary.

1. In the article the word “jib” is used to...
 - a. Describe the exact trick used
 - b. Imply the location of the feature
 - c. Describe the conditions of the trail
 - d. Imply that the feature is playful and can be hit in numerous different ways

2. In the article the word “innovation” most likely means...
 - a. creativity
 - b. restrictions
 - c. taking people’s advice
 - d. anger

3. Which sentence from the article **best** supports the claim that Sierra has a top-of-the-line progression park?
 - a. We’re committed to all levels of progression from beginners to intermediate to the budding pro.
 - b. Sierra may have the most snowboarding street cred of any resort, thanks in part to General MAnager John Rice.
 - c. Sierra’s not just great riding, it’s also affordable.
 - d. Sierra is also planning on connecting upper and lower Bashful this season into one 1,400 vertical-foot-long flowing superpark run.

4. Find a sentence from the article that **best** supports the claim that Sierra uses their local riders’ advice to improve their parks? Please cite your quote correctly.

5. Find a sentence from the article that **best** supports the claim that Annie Fast’s (Author) goal is to review the mountain as it will be for the average rider? Please cite your quote correctly.

4. How is Sierra trying to meet all their riders' need? Complete the charts below with details from the article.

How Sierra Meets All Riders' Needs	How they meet all riders' needs:
	Example from text to prove this
	Explanation of how this accommodates all riders:
